LADY MASON'S ENTERTAIN

The Eastern Stars
Give a Grand
Ball.

Successful Dance at the
Young Hotel Last
Night.

Leahi Chapter No. 2, Commem-
orates Robt. Morris Founder
of the Order.

A very successful ball was given at the Young Hotel last evening under the auspices of the Leahi Chapter, No. 2, Order of the Eastern Star. The ball was commemorative of Robert Morris, L. L. D., the founder of the Order.

The dance held in the northern pavilion of the hotel was well attended and later in the evening the dancers were divided between the two pavilions, native quintettes furnishing the music. The splendid dancing floors of the new hotel were well patronized and the affair proved a complete success.

An elaborate souvenir program with the device of the Chapter emblazoned thereon together with an engraving of the roof garden, was provided. Between dances the guests frequented the cool garden and enjoyed the fresh breezes and moonlight view of the city. A champagne punch with ices and other refreshments were provided. The dancing pavilions were tastefully ornamented with palms.

The dance was under the charge of the following committees:

General Committee—Dr. Geo. W. Burgess, Senator C. L. Crabbe, Mrs. Emma Crabbe, P. W. M.
Reception Committee—Mrs. Sallie L. Williams, W. M., Mr. L. C. Ables, Mrs. Emma A. Ables, Mr. E. C. Brown, Mrs. Mary E. Brown, Miss Ella K. Dayton, Justice C. A. Galbraith, P. W. P., Mrs. Nova J. Galbraith, P. W. M., Mr. C. F. Herrick, Mrs. Alice G. Herrick, Mr. Walter L. Howard, Mrs. Margaret Howard, Mr. Clinton J. Hutchins, Miss Pearl Noble, Mr. J. Mort Oat, Mrs. Maggie F. Oat, Mrs. Jas. W. Pratt, Mrs. Ellen M. Pratt, Mr. Thos. E. Wall, Mr. H. E. Webster, Mrs. Adelaide M. Webster, Mr. Frederick Whitney, W. P., Mrs. Marian Whitney, Miss Annie M. Whitney, Mr. H. H. Williams.

POLITICAL POT NOW BOILING

After the work of the primaries, the tenseness of the local political situation has, for the present, slackened. Many of the delegates openly avow their satisfaction at the temporary cessation of excitement. The entrance of fresh candidates for county offices is now the chief topic of conversation. New names are suggested, asserted and denied in one breath.

The result of the elections has undoubtedly brought new Richmonds into the county field in the shape of those who have tested their popularity to their own satisfaction. The most prominent of these later additions is Henry Vida whose victory in the Fifth presents him in a line with William Savidge and Harry Murray, both well supported. A. V. Gear has been mentioned as a candidate but denies the allegation.

T. McCoon Stewart asserts that the Vida victory was gained through the aid of the police faction and lays stress on the fact that Warden Henry was at the head of the counting. Vida is also mentioned as temporary chairman of the convention, though Senator Crabbe, as chairman of the Territorial Committee, will call the meeting to order. The Senator is prominently spoken of as the permanent chairman.

The Home Rulers remain mysterious concerning their primaries. A member of their central committee announced yesterday afternoon that primaries were to be held last night in the various precincts. He claimed not to know the meeting places but supposed they would be at the houses of the several presidents. "We merely send our messages round," he concluded, "we have no money for waggonettes and advertising."

A meeting of the Home Rule committee was held yesterday morning, but the subject of primaries was not approached. President Kalaauokalani leaves for Maui today, it is said, to generally round up the party. Other members of the central committee state that primaries will be held in the middle of the month. Reports of backsliding of prominent Home Rulers are vigorously denied by the native leaders, but N. Fernandez and George Kala are claimed to have avowedly espoused Republicanism since the primaries.

There are still no contestants against A. M. Brown for sheriff and Tax Assessor Pratt for the assessors. J. W. Catheart is said to be a candidate for county attorney. W. T. Rawlins is the other applicant for this office. Charles Hustace stands prominently for treasurer.

CUP FOR PACIFIC WATERS.

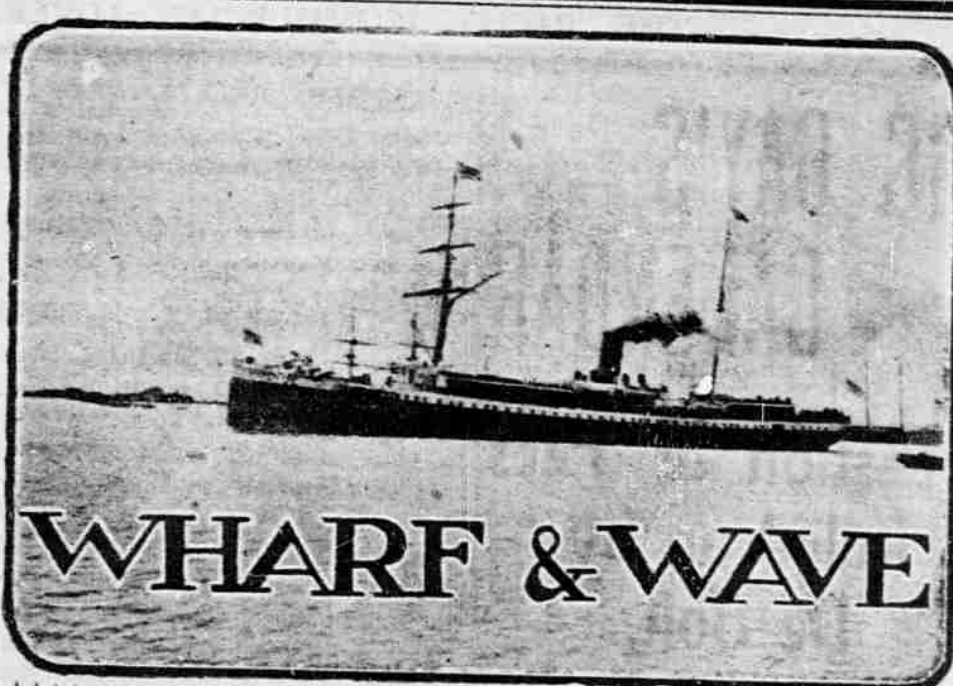

(Continued from Page 1.)

be brought from New York on the deck of some boat like the Alaskan.

It is thought that gentlemen of the community such as W. G. Irwin, H. E. Cooper, L. A. Thurston, F. C. Whitney, T. W. Hobron, Prince Kawanakoa and C. W. Macfarlane, all of whom are interested in yachting, aside from having the interests of the community at heart, would form part of the syndicate. Some of these have signified their approval of the plan.

It is proposed that the challenge be so worded as to prohibit the building of freaks of the scow type and also to limit the dimensions. Freak boats indeed would stand but a small show in Hawaiian waters in a stiff breeze. Yacht clubs of today are all tending in their rules for measurement and allowance, toward the encouragement of a wholesome type of craft, a boat capable of being sailed in average weather. The Hawaiian challenger, as at present proposed, would be about 26 feet water line, 40 feet over all, about 1000 feet of sail area and about 15,000 lbs. displacement. The courses proposed are: From Bell Buoy fifteen miles on the wind to Barber's Point and return. From Bell Buoy around Rabbit's Island and return to windward and back, touching the channel seas and testing the seaworthiness of the boats; and: A triangular course off Honolulu.

These plans may be largely modified and are merely in embryo. The advertising for Hawaii in general would be of wide distribution and the races would attract many visitors, correspondents and sportsmen from all over America and the Pacific Coast. Aside from the sporting journals and daily newspapers the magazines would undoubtedly give much space and illustration and an enormous amount of advertising drawing attention to the Territory at small cost would be secured at a small outlay. Nor would the literature be reserved to the American press or the English language.

MORE COAL FOR NAVAL STATION.

The Erskine M. Phelps is daily expected at the naval station with coal. She has about three thousand tons aboard of the best Norfolk coal. She is now 118 days out from Norfolk. There are now over eighteen thousand tons of coal in the navy piles, a cable report to this effect having been sent to Washington yesterday.

The use of hoppers in the unloading of coal is becoming more frequent. Two new hoppers have recently been built and are being used in unloading the Star of Bengal and the Brunel. This was made necessary by the heavy wear on the coal wharf through simply dumping the coal from the steam lifts. Now the coal is dumped in the hopper and a cart is loaded by simply opening the chute.

THREE STEAMERS ARE DUE TODAY.

Today will be unusually lively on the waterfront aside from the fact that it is island steamer day.

The America Maru and the Nebraskan are both expected from the coast this afternoon. The Maru has eight days' mail, while the Nebraskan has a big freight cargo for Honolulu and Kahului.

The Sonoma is due from the Colonies early this morning. She was at Fanning's Island Saturday. W. G. Irwin & Co., the agents, received no cable from her, though there was a private cablegram to the effect that she had passed Fanning's a little ahead of time.

The Sonoma will sail this afternoon for San Francisco and will carry away quite a number of prominent island people.

STACKABLE TO LEAVE.

Collector Stackable will leave in the Sonoma this afternoon for San Francisco. He is not certain as to the length of his stay, as it depends entirely upon the wishes of Assistant Secretary Armstrong at whose request he goes to the coast.

ARCHER AND CASTLE ARRIVE.

The barkentine Archer and the barkentine S. N. Castle arrived yesterday from San Francisco with cargoes of general merchandise. The Castle made the run down in fifteen days, while the Archer was four days longer on the way. The Castle is unloading at the Irmgard wharf while the Archer is at the Bishop wharf.

SHIPPING NOTES.

The Waialeale sailed yesterday for Maui ports.

The bark Kaiulani sailed Sunday from San Francisco for Honolulu. The Stevedore Union expects to receive a charter today from San Francisco.

The American schooner Resolute will be berthed today and begin discharging coal.

The British ship Carmanian is still out in the stream awaiting orders from her owners.

The Alden Besse has nearly finished taking on sugar and may get away today or tomorrow.

J. H. Hakuole will probably succeed Japanese Interpreter Gaffney at the immigration station.

The Sierra is due tomorrow morning. She will bring one day's later mail than the America Maru.

The Alaskan is expected to finish discharging Thursday and will get away the same day for Kahului.

The barkentine Brunel will probably finish discharging coal Thursday and will then be fumigated.

There is talk of another race today between the Kinau and Mauna Loa to Lahaina. Both boats are clean.

The Solace is not looked for at the naval station for a week or more. When last reported she was on the China coast.

The Lehua, Noean, Nihau and Iwalani sailed yesterday afternoon for island ports. The Lehua was the only one to carry a cabin passenger.

The Sonoma which sails today for San Francisco will get orders into San Francisco in time to connect with the Nevada on September 11th.

The dredging of the naval slips has been completed and the dredger is now working outside in the entrance to the docks. Quite a fill is reported there.

The transport Thomas is to sail today from San Francisco for Manila, via Honolulu. She is the second regular transport to stop at this port, and the indications are that there will be one every month from now on. Neither the Merchants' Association nor Captain Williamson has received information as to the intentions of the War Department, but coal will be provided for the Thomas upon her arrival.

If America, represented by Hawaii, should succeed in retaining the cup and winning the initial races the excitement and general interest would greatly increase.

It has further been proposed that the expenses of the Japanese challenger, amounting to about \$1000 should be paid. The question of duty on a Japanese yacht coming to American waters could be surmounted possibly by sailing her in bond as her visit would be of but a few weeks duration. Should she stay indefinitely duty would naturally have to be paid. A yacht of the dimensions suggested, would not sail her on her own bottom but would be freighted.

The proposal is gaining favor daily and will be pushed by those who have at present interested themselves in the matter.

FOR SPRAINS, SWELLINGS AND LAMENESS there is no better liniment than Chamberlain's Pain Balm. Thousands can testify to the merit of this remedy. One application gives relief. Try it. Benson, Smith & Co., Ltd., Wholesale Agents, sell it.

BY AUTHORITY.

EXECUTIVE NOTICE.

Monday, September 7th, Labor Day, being a legal holiday, the Governor directs that all public offices be closed.

G. R. CARTER,
